

Parents,

Being a newly designated Title I school, we are in the process of creating a “School Compact for Learning” and would love your input. The school compact is a document that outlines the responsibilities of the school staff, the parent/family, and the students as we build and develop a partnership that focuses on learning. If you would like to assist in this endeavor, follow the links to access a draft copy of the compact and the compact guidelines (or this if you think it is more appropriate for your method of dissemination.... “a draft copy of the compact and the compact guidelines is attached for you to reference”). Send any suggestions regarding the compact to Dr. Reimer at [ruth.reimer@polk-fl.net](mailto:ruth.reimer@polk-fl.net) or you may drop off a copy in the front office with your suggestions attached. All recommendations need to be returned to Dr. Reimer or the school office by May 20, 2016. If you have any questions, please contact the school at (863) 648-3520. We look forward to continuing our partnership with you in your child’s education.
